i took evening primrose once as it was recommended for menstrual cramps and boy did i feel weepy and emotionally on the brink of a crying meltdown until it left my system shop.mediuk.co.uk/arthritis

i can8217;t recall my lab values, but i do remember being told that my testosterone was elevated, which makes sense as i have been experiencing hirtuism (i8217;m practically growing a beard). shop.mediuk.co.uk
